

23 January 2020

Dear Parents/Carers

You will be aware that we had a full Ofsted school inspection on 8-9th January.

We are delighted to report that the inspection confirmed what we have known for some time - that Beacon Hill is a good school; we have a good judgement in all four inspection areas (Quality of Education, Behaviour and Attitudes, Personal Development, and Leadership and Management).

The inspection provided us with the opportunity to demonstrate the progress and improvements that have taken place at Beacon Hill over the last two years. We could not have been more proud of the students and staff for the commitment they showed during the inspection and the dedication and hard work they all - students and staff - put in every day.

We are delighted and proud that Ofsted has recognised and validated the excellent work going on at Beacon Hill; the report highlights in particular our brave and innovative curriculum which equips students very well for the local labour market, while at the same time complementing our 'ambitious' academic curriculum. The report recognises that students have every opportunity to be confident and successful at our school, and that students and staff have high expectations for themselves and high hopes for their futures.

Everything we have done at our school has been because we believed it was the right thing to do to move the school forward. The changes we have made were the result of our own improvement agenda. We are constantly moving forward and always looking to get better at what we do. We will continue to focus on raising standards and make sure that our students are given the very best chances of success and a first class quality education, which Ofsted has recognised.

The report and the judgement recognises that our values and vision are central to everything we do; we do the right thing for our students, even when that is difficult; we make what we believe are the right choices for the young people in our care. We would like to take this opportunity to thank you all for your continued support and good will which is an important part of the school's success.

Please find attached a copy of the full inspection report, which is also available on the school website. Please do contact us at school should you have any questions.

Yours sincerely

Judith Schafer
Executive Headteacher
